

when Lin went back to

his home, he found his  
dog broken his homework

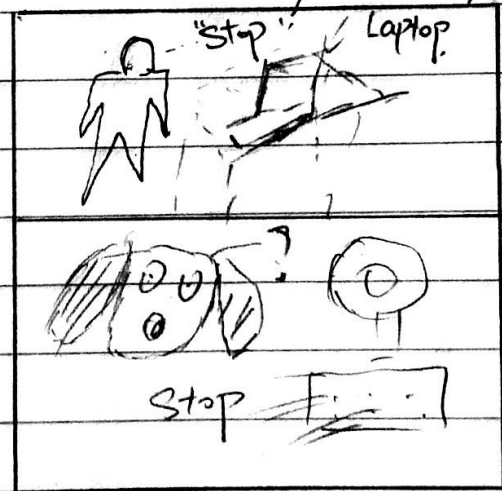

Lin feels angry, but he  
didn't have any ways to  
stop his dog when he left home

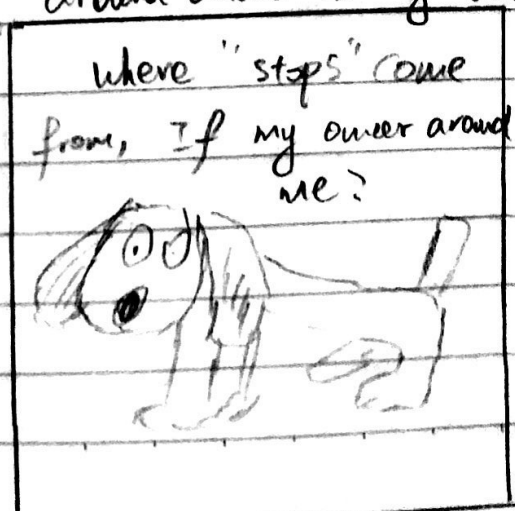

Lin searches on internet,  
finds an app called "Smart house-  
hold" which can stop dog through monitor

Once, Lin found his dog  
prepared to bite his hw.  
he said stop through audio

The dog feels  
so terrified, and looks  
around where is my owner.

Lin's dog become quiet.  
And Lin feels very happy
